

Ferham Primary School

26th November 2021

Learning!

It has been another fabulously fun week at Ferham. Pupils all around school have produced some sensational work. The effort and attitude applied to learning has been wonderful. Students have really demonstrated their sensational knowledge. With a special mention to Nick Y6 who amazed Mrs Fenton with his facts on Ancient Egypt. Also, Shelby Y2 for the fantastic expertise and work on The Great Fire of London. Mr Tomlinson was very impressed. Well done, Nick & Shelby!

Community

This week in school pupils have really shown their wonderful supportive attitude and community spirit towards each other. Encouraging and pushing each other to achieve their goals. During the week one of our wonderful Y6 girls demonstrated this when she went out of her way to really spurred on one of her younger peers who was demonstrating true resilience. Thank you Louise Y6.

Star of the Week

The Star of the Week this time goes to Fabian. Fabians has shown true resilience this week and also supported others when they have needed it. He has shown a great attitude to learning and how he is an exceptional friend to all his peers. All the staff are so proud of you. Well Done Fabian!!

Thank you and Good-bye

Today we say Thank you and Good-bye to Mrs Atkin. She has worked at Ferham for many years and supported many of our children. She leaves Ferham to go and work with adults. We wish you all the best for the future.

Children in Need

Thank you all children, parents and staff who donated.
We raised **£184.00**.
